Return to: Vernon W. Lewis, Jr. PE
NAAMM Technical Consultant
123 College Place, Unit 1101
Norfolk, Virginia 23510

email: wlewis7@cox.net
Telephone: 757-489-0787
fax: 888-512-7270

DUE DATE: **April 29, 2019**

SUBJECT: Proposed American National Standard, NAAMM MBG 533-XX
Welding Standards for Fabrication of Steel, Stainless Steel and Aluminum Bar Grating

Sponsoring ANSI-Accredited
Standards Developer: The National Association of Architectural Metal Manufacturers
800 Roosevelt Road, Building C, Glen Ellyn, Illinois 60137

BALLOT: Please indicate below your vote on this proposed standard.

Affirmative: _____ Affirmative with comments: _____

Negative with reasons*: _____ Abstain*:_____

*Please note that in order for an objection to be fully considered it must be accompanied by supporting written reasons, and, where possible, proposals for a solution or specific language changes should be included. An abstention should be accompanied by reasons for the abstention. Only negative votes accompanied by comments related to the proposal shall be fully considered. Negative votes unaccompanied by such comments will be recorded as "negative without comments" without further notice to the voter.
