NAAMM Statement to Industry Regarding Public Comment on the proposed revision to **ANSI/NAAMM HMMA 840**, *Guide Specifications for Receipt, Storage and Installation of Hollow Metal Doors and Frames*, First Ballot

Glen Ellyn, IL— The National Association of Architectural Metal Manufacturers (NAAMM) announces that their standard **ANSI/NAAMM HMMA 840** is being revised. This is a limited revision of an existing standard (ANSI/AMM HMMA 840-17) so as to bring it into compliance with the ANSI Commercial Terms and Conditions provision (section 3.2) of the current edition of the ANSI Essential Requirements. It is available for public review and comment. To obtain the proposed standard, as well as other related documents go to <https://www.naamm.org/ansi-information>. Comments must be received on or before January 01, 2024, to be considered. Persons interested in participating as members of the consensus committee for the Hollow Metal Manufacturer Association (HMMA), a division of NAAMM, should contact Ike Flory ([ifnaamm@gmail.com](mailto:ifnaamm@gmail.com)) to receive a consensus committee application. The completed application should be forwarded to the NAAMM Technical Consultant at the above email address.

The National Association of Architectural Metal Manufacturers (NAAMM) represents a wide variety of architectural metal products for building construction. NAAMM has six operating divisions, which promote the use of their specific products through the development and distribution of technical standards. The divisions are: Architectural Metal Products, Detention Equipment Manufacturers Association, Expanded Metal Lath Association, Expanded Metal Manufacturers Association, Hollow Metal Manufacturers Association and Metal Bar Grating. For more information on NAAMM, contact the NAAMM office at (630) 942-6591; fax (630) 790-3095; or visit the association website at <https://www.naamm.org/>.
